NEXT REVIEW

October 2027

1. Purpose

Sarawak receives over 4,000 mm of rain a year. Tiger Motors Sdn Bhd uses that rain and manages mains water carefully at its Batu Kawa showroom.

2. Where we use water

- Washing and detailing vehicles.
- Facility cleaning and maintenance.
- Washrooms and pantry.
- Landscaping.

3. Target

50% of facility water from harvested rainwater by 2030.

4. Actions

- A rooftop rainwater harvesting tank, filtered, supplying vehicle washing, landscaping and cleaning.
- High-pressure, low-volume washing equipment and water-saving washing methods.
- Water-efficient fixtures in washrooms and the pantry.
- Prompt repair of leaks.

5. Monitoring

- Monthly mains water meter readings recorded in our ERP system.
- Annual review of progress against the 2030 target, reported on our ESG page.

6. People

Staff are trained on water-saving practices and encouraged to suggest improvements.

7. Emergencies

Procedures cover supply disruptions, leaks and preventing contamination of drains.

8. Review

This plan is reviewed every year.
